To Whom it may Concern,

Trump International Beach Resort of Sunny Isles Beach engaged the services of U-Tel Auditors to audit our Utility and Telecommunications billings. They worked as a silent team for about 6 weeks and we anticipate reducing our water costs by approximately \$72,000/yr and our electric costs by approximately \$45,000/yr.

Additionally, they obtained refunds in excess of \$125,000 from various overcharges on our past billings.

At all times they worked in a highly professional manner without any disruptions. They are continuing to monitor our various utility bills to verify their on-going accuracy.

We would highly recommend U Tel-Auditors. Their service is unique and their work ethic is exemplary.

Regards,

Don Moss, Controller
Trump International Beach Resort
