Re: U-Tel Auditor Team

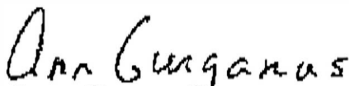

To whom it may concern:

This letter is written to express our complete satisfaction with the services provided by U-TEL AUDITORS, LLC.

When I was first contacted by U-Tel, I was a bit skeptical that they would be able to just produce a refund from our utility provider by simply providing them with a utility bill. Low and behold, just a few weeks later, not only did they lower our next bill, but we actually received a credit of over \$4,000!

U-Tel handled our case in a professional manner, within predetermined time constraints. They offer a truly valuable service and I would highly recommend them to any business that is considering this process.

Sincerely,

Anne Gurganus
